TSC Quarterly Report Q3 FY14.xlsx
Technical Support Center Directors.docx

FYI. You may get ideas of where ORD has provided technical assistance on projects.

Thanks

Cecilia

Subject: ORD Superfund Technical Support Centers Quarterly Report for Third Quarter FY14

Greetings,

I am pleased to send you the Office of Research and Development (ORD) Superfund Technical Support Centers (TSCs) Quarterly Report for the third quarter of FY14. The TSC Quarterly Report consolidates information on TSC activities that occurred within your region during the previous quarter. A copy of the report is attached and can also be found on the ORD intranet at <http://intranet.ord.epa.gov/science/regional-science/tsc/tscquarterly>. We will continue to upload reports to this site and email them to you within six weeks of the end of each quarter.

Please contact me if you have any questions or comments on the report. The TSC Directors are also available to answer questions about the report. A list of the TSC Directors and their contact

information is also attached. We look forward to continuing the partnership among OSWER, ORD and the regions that allows the Superfund Technical Support Project and the TSCs to provide this critical support to program and regional office Superfund staff.

Best,

Ramona
